

2023 EQA scheme registration is open!

(14th September to 2nd November 2022)

- The EQA scheme catalogue can be downloaded from the [EQA Schemes page](#) at www.erndim.org
- Current participants will receive an invitation to register for 2023
- If you are new to ERNDiM please contact admin@erndim.org for details of how to register

External Quality Assurance (EQA) schemes

- 17 EQA schemes developed & monitored by a Scientific Advisory Board comprising 22 leading scientists from 10 countries
- 2022
413 participants
in 62 countries

Quantitative Schemes

- Acylcarnitines in serum
- Purines and pyrimidines (urine)
- Quantitative amino acids (serum)
- Quantitative organic acids (urine)
- Special assays in dried blood spots
- Special assays in serum
- Special assays in urine

Hybrid Schemes

- Cystine in white blood cells
- Lysosomal enzymes (fibroblasts)
- Neurotransmitters in CSF
- Pterins in urine

Qualitative Schemes

- Acylcarnitines (dried blood spots)
- Amino Acids Interpretation (**data only** for plasma, urine & CSF cases)
- Congenital disorders of glycosylation (serum)
- Diagnostic proficiency testing (urine)
- Qualitative organic acids (urine)
- Urine mucopolysaccharides

A small number of Laboratory Support Grants are available to fund participation in ERNDiM's EQA schemes. For more information please contact admin@erndim.org
