

2025 EQA scheme registration is open!

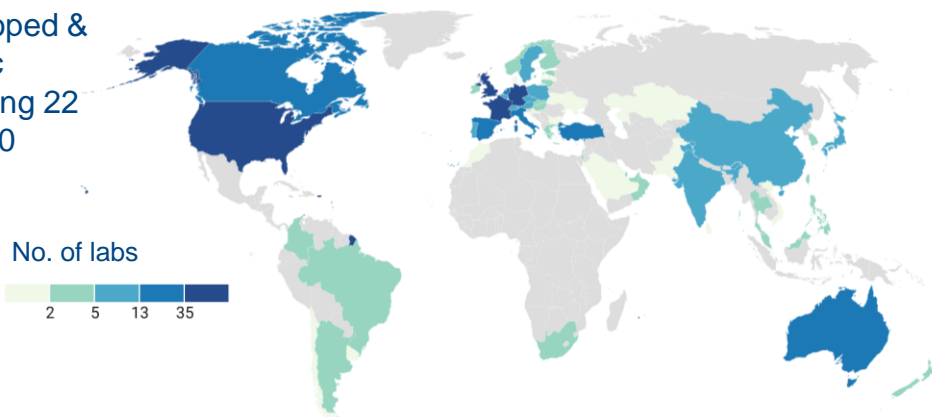

(30th September to 5th November 2024)

- The EQA scheme catalogue can be downloaded from the [EQA Schemes page](https://www.erndim.org) at www.erndim.org
- Current participants will receive an invitation to register for 2025. If you are new to ERNDiM please contact admin@erndim.org for details of how to register.

External Quality Assurance (EQA) schemes

- 17 EQA schemes developed & monitored by a Scientific Advisory Board comprising 22 leading scientists from 10 countries.

- 2024
415 participants
in 60 countries

Quantitative Schemes.

- Acylcarnitines in serum
- Purines and pyrimidines (urine)
- Quantitative amino acids (serum)
- Quantitative organic acids (urine)
- Special assays in dried blood spots
- Special assays in serum
- Special assays in urine

Qualitative Schemes.

- Acylcarnitines (dried blood spots)
- Amino Acids Interpretation
- Congenital disorders of glycosylation (serum)
- Diagnostic proficiency testing (urine)
- Qualitative organic acids (urine)
- Urine mucopolysaccharides

Hybrid Schemes. (these schemes include quantitative and qualitative elements)

- Cystine in white blood cells
- Lysosomal enzymes (fibroblasts)
- Neurotransmitters in CSF
- Pterins in urine

Pilot Schemes.

- Lipids in serum
- A limited number of **Laboratory Support Grants** are available to provide financial support for laboratories which due to financial restrictions find it difficult to fund participation in one or more of the ERNDiM EQA schemes. For more information, please contact admin@erndim.org
